"It's Christmas Time"

KIDS ON THE MOVE (2017)

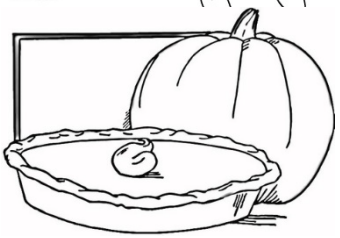
Here it comes again
My favourite time of year
Snow is falling down
Lots of Christmas cheer

Starry nights, Christmas lights
Gather around the tree

Get the candy canes and the pumpkin pie
Hang the stockings up by the fireside



Starry nights, Christmas lights
Hear the sleigh bell ring

Step into Christmas time
And put your hands up high
Everyone around
Loves the Christmas sound
So, sing it loud

It's Christmas time!
All over the world
So, get up, get up

It's Christmas time!
All over the world
We're gonna party and we won't stop

All throughout the town
Laughter fills the air
Joy is all around
Music everywhere
Hear the sound of the drummer boy drumming now

[drum beats]

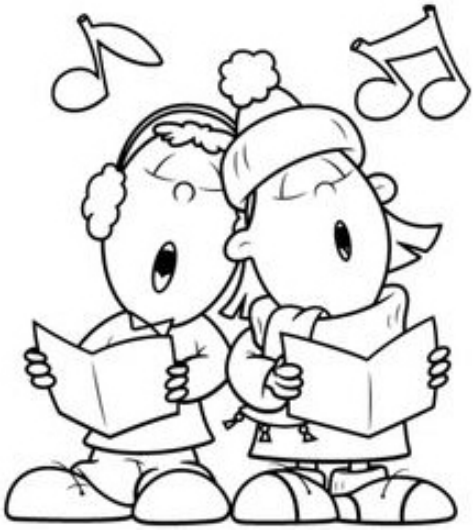
With a Hey! Hey! Hey!

And a Ho! Ho! Ho!
Old Saint Nick is getting ready for the big show
And don't you know
He's coming tonight
Get ready tonight

It's Christmas time!
All over the world
So, get up, get up
Step into Christmas time

It's Christmas time!
All over the world
We're gonna party and we won't stop
Cause it's Christmas time!
[...]

Step into Christmas time
And put your hands up high
Everyone around
Loves the Christmas sound
So, sing it loud



It's Christmas time!
All over the world
So, get up, get up
Step into Christmas time

It's Christmas time!
All over the world
We're gonna party and we won't stop

It's Christmas time
All over the world
It's Christmas time
And put your hands up high

It's Christmas time
All over the world
We're gonna party and we wont stop
Cause it's Christmas time!
